Words from the Director . . .

Since opening "A Place for Women," we have experienced many "Life" changing blessings in our ministry. It's been a faith challenging process building a team of volunteer women and utilizing their various gifts. We have had the opportunity to be a resource for hope in whatever place a woman finds herself.

Our ministry provides a biblical view in various types of counseling, awareness of the sanctity of life to our church and community, free pregnancy testing, Baby and Me Store for those in need, post abortive healing through a 10 week bible study free of charge.

We have had the privilege to watch God do marvelous providing, guiding and healing through sharing the gospel to those we serve.

Thank you all so much for your prayers, words of encouragement, talents and financial support.

We have helped over 100 families.

We have received 209 counseling calls.

87% of all our clients gave us permission to share the gospel message.

One third of our clients were non-Christian.

The Ultrasound Machine is Up and Running

We are excited about this newest blessing in the center. Two babies have already been saved from abortion because of the ultrasound machine. We are officially operational to provide ultrasound services for clients who meet the criteria.

Testimonies of women who have been healed . . .

"Although I KNEW the forgiveness of God . . . I had NOT been set free of the guilt and shame of my abortions. This study helped me accept the true forgiveness God offers to all His children and He set me free from the bondage, inner sorrow, and pain my abortions held over me for over 25 years."

If we confess our sins, He is faithful and just and will forgive us our sins and purify us from all unrighteousness.
1 John 1: 9

From the pages of "The Blessing Book" . . .

Following are excerpts of an email from a woman who brought her abortion minded 20 year old friend to our center who was pressured by her parents to have an abortion.

"Thank you and your staff. You have a wonderful ministry there. The place is so welcoming, everybody is so welcoming. After you guys did the ultrasound and she could see her baby moving, it made so much more of a difference for her to see that she had a life growing inside of her. . . Thank you. I can see that she feels like a mommy now. I know I said it before, but you have a wonderful ministry...A life was saved today!"

HOPE Faith.
Love.

The Baby and Me Store provides supplies to our clients in need.

"After 30 years of hiding in shame and guilt, I found the freedom to look into the Face of God and accept the forgiveness that He has offered me with full faith. I am truly forgiven and I can stand for truth today with other women who have believed the lie that abortion is a solution. Today, I am able to lead other women on their journey to freedom."
